Graphic Designer

About me

Passionate about design thinking.

I believe that very few things are more impactful than an idea - and that design is the best way to express it. Eager to get new knowledge, I dedicate myself at 100% in order to get the best results and succeed in everything I do.

I work well under pressure and I'm always open to criticism.

I am well aware that, in order to be a great professional in their trade, one has to be open to keep learning, no matter the experience we carry.
